

STORAGE BOXES USER MANUAL

AKAC-SB78L001 & AKAC-SB156L_01

156L STORAGE BOX

78L STORAGE BOX

V1.1

**PLEASE READ AND UNDERSTAND THIS MANUAL
COMPLETELY BEFORE USING THIS PRODUCT.**

CARE

- Wash with warm soapy water.
- Keep seal clean and free from debris.
- Inspect periodically for damage.
- This product is manufactured from a material that has a high resistance to UV damage. However, to ensure prolonged use without deterioration caused by UV radiation, it is best practice to keep the product out of direct sunlight when possible.
- This product has components made from steel which has a durable coating. After exposure to salty environments be sure to wipe clean with a soapy water solution.

SAFETY

The storage box is supplied with latch retainers. The purpose of these is to assist in reducing the incidence of the latch accidental opening. Use the retainers whenever the storage box is closed and latched. Simply pass the head of the retainer through the eye of the latch base where a padlock can be installed.

This product is not designed to be used as a step or ladder, standing on top of this product may be dangerous and is not recommended.

Be sure to open the lid fully so that it will not accidentally close whilst your arms or arms are inside the box, be conscious of wind direction and the effect it will have on the lid.

HOW TO USE

1. Unplug the retainers and open latches.
2. Place articles inside the storage box being careful to ensure that items which when placed together will cause a chemical reaction are kept in separate storage boxes.
3. The storage box is fitted with a lid over extension restraining device, this should not be forced. The lid should be opened to the point where it reaches its over extension restraining device and not forced beyond that.
4. Before closing the lid make sure the seal and seal seat are clean and free of debris.
5. Close the lid and latch tight, use the latch retainers or a pad lock to secure the latches.
6. There are tie down points on the box to facilitate it being securely fastened during transport. When lifting, ensure you employ a good lifting technique, lifting using 2 people where possible.

12 MONTH LIMITED WARRANTY

WARRANTY PERIOD:

Full 12 month warranty from date of purchase against all manufacturing defects.

WHAT DOES THE WARRANTY COVER?

Under normal usage conditions, this warranty covers:

- a. Any defect in design or manufacture which results in the product failing to perform substantially as described in authorised advertising or literature.
- b. We will either repair or replace the product at our discretion providing that the fault is found to have been caused by a design or manufacturing defect and not misuse or tampering.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The benefits provided to you as the consumer by this warranty are in addition to other rights and remedies available to you under the law.

THE WARRANTY DOES NOT COVER:

- a. Any damage resulting from improper use
 - b. Faulty installation or modification made during installation
 - c. The cost of removing and reinstalling the product
 - d. Travel and /or other expenses due to customer's remote location
 - e. Transport charges and damage in transit. It is your responsibility to deliver and pick up your product, including any costs associated with the postage of your repair or replacement product. If you do freight your product we recommend that you insure against loss or damage.
 - f. Any loss directly or indirectly associated with the product failing to operate.
 - g. Damage caused by mould, insects, animals, misuse, incorrect operation, adverse weather, accidents and fair wear and tear
-
